

Joint Culminating Experience Project Statement

Instructions for Completing Joint Culminating Experience Project Statement

Form must be typed.

Please specify the responsibilities of each student participating in the joint Culminating Experience project, including an identifiable written component of the work. Each student and the committee chair must sign this form.

Each student participating in the joint project must have separate responsibilities, and these must be reviewed, endorsed, and subsequently evaluated by the students' Culminating Experience committee members. Each student must complete a separate Culminating Experience Proposal, but they must be submitted jointly for review. Each proposal must have an attachment that includes:

- A list of the separate research areas/responsibilities of each student
- A statement of the identifiable written component of the work to be completed by each student
- The signatures of each student and the committee chair.

If human or animal research is involved, students may submit one set of the research protocol documents, but must be sure to list all participating students on the Protocol Approval Form.

Attach the statement to the Culminating Experience Proposal. Each student must complete a separate proposal, but the proposals must be submitted together. No more than 3 students will be permitted to submit a group project.
