

INFORMATION ABOUT SF STATE SCHOLAR PROGRAM IN ACCOUNTING

The SF State Scholar Program in Accounting is a combined program that awards both the Bachelor of Science in Business Administration (BSBA with Concentration in Accounting) and the Master of Science in Accountancy (MSA).

- Students will receive both BSBA and MSA degrees when they complete each degree's requirements
 - BSBA degree will be awarded in a semester immediately prior to transitioning into the graduate program after all BSBA degree requirements are satisfied
 - MSA degree will be separately awarded when all MSA degree requirements are completed
 - Students will be able to attend both (i.e., BSBA and MSA) University-wide (as well as Accounting Department) graduations
 - Students will need to apply for 2 graduations separately
- To receive both degrees, students will need to complete all BSBA degree requirements and **10 graduate courses (i.e., 30 semester units)**.
 - Before transitioning into the graduate program, students will need to complete all BSBA degree requirements
- Once admitted, students may take UP TO 4 graduate courses during the undergraduate program and will take the remaining graduate courses after transitioning into the graduate program
 - Students should seek advising about individual course planning
 - Students enrolling in graduate courses during the undergraduate program will be assessed at the undergraduate tuition and fee rate
- After being admitted, students must maintain UNDERGRADUATE standing at least for 2 semesters (i.e., Spring 2023 and Fall 2023) before transitioning into the graduate program
 - **If admitted, 1st semester as Accounting SF State Scholar will be Spring 2023**
 - **Earliest students receive BSBA degree would be at the end of Fall 2023 (i.e., *if students plan to graduate from the BSBA program in Fall 2022, Spring 2023, or Summer 2023, they would NOT be eligible*)**
- Students must maintain GRADUATE standing at least for 2 semesters after transitioning into the graduate program
 - **Earliest students receive MSA degree would be at the end of Fall 2024 (if transitioned into the graduate program in Spring 2024)**

- Tuition information
 - While in the undergraduate program, students will pay undergraduate full-time or part-time tuition based on the total number of enrolled semester units (considering both undergraduate courses and graduate courses). Non-residents, including international students, pay additional non-resident tuition fees. This tuition applies to the graduate courses (up to 4) taken in the undergraduate program.
 - After transitioning into a graduate program, students will be assessed at the graduate tuition and fee rate. (Note that the graduate tuition and fee structure is different from the undergraduate tuition and fee structure)
 - Example 1: In Fall 2022, a CA resident graduate student who enrolls in **12 units of graduate accounting and business courses** would pay **\$8,921** for tuition and fees. If that same student were a non-resident (including international), the tuition and fees would be **\$13,673**.
 - Example 2: In Fall 2022, a CA resident graduate student who enrolls in **6 units of graduate accounting and business courses** would pay **\$5,295** for tuition and fees. If that same student were a non-resident (including international), the tuition and fees would be **\$7,671**.
 - Note that tuition and fees above are based on Fall 2022 information and subject to future increases (<https://bulletin.sfsu.edu/fees-financial-aid/fees-expenses/#graduatescheduleoffeestext> and <https://bulletin.sfsu.edu/fees-financial-aid/fees-expenses/>).

FEATURES AND ADVANTAGES OF SF STATE SCHOLAR PROGRAM IN ACCOUNTING

The SF State Scholar Program in Accounting has following features and advantages.

- Short-cut to earn MSA degree
 - By spending 1 additional year (with careful course planning), students can earn MSA degree in addition to BSBA degree.
 - Typical regular MSA students usually spend 18-24 months to earn MSA degree alone.
- “Accounting Study” educational requirement for CA CPA License is automatically fulfilled with MSA degree
 - Moreover, all courses taken during MSA program will count toward other CA CPA Exam and License educational requirements.
- Thus, Accounting SF State Scholars are highly likely to satisfy all CA CPA Exam and License educational requirements upon completion of MSA program (in addition to BSBA degree).
 - **Recently, CPA firms have great interest in hiring students who satisfy all CA CPA Exam and License educational requirements BEFORE joining**
- Cost saving
 - Students enrolling in graduate courses during the undergraduate program will be assessed at the **UNDERGRADUATE tuition and fee rate.**
 - Thus, most students can **save \$5,000** (based on Fall 2022 tuition information) **in pursuing MSA degree** if they take 4 graduate courses during the undergraduate program (compared to regular MSA students).
- Relatively easier application process than regular MSA program
 - **GMAT/GRE waived**
 - **Recommendation letters waived**
 - **NO application fees**

APPLICATION INFORMATION AND INSTRUCTIONS**

Please read the following information and instructions **VERY CAREFULLY** before completing the application for the SF State Scholar Program in Accounting.

“MINIMUM” ELIGIBILITY REQUIREMENTS TO APPLY:

- 1) Accounting major (i.e., *if students have other majors in addition to Accounting (i.e., students with multiple majors), they are NOT eligible*)
- 2) 3.0 or above GPA
- 3) Completion of “ACCT 100 (or transfer grade) and ACCT 101 (or transfer grade) with B- or above”
- 4) Completion of “ACCT 301 with B- or above”
 - *Students taking ACCT 301 in Fall 2022 are ELIGIBLE to apply as long as other requirements are satisfied*
 - *For students taking ACCT 301 in Fall 2022, admission recommendation decisions will be made after Fall 2022 grades become available*
- 5) Have NOT applied for graduation from BSBA (i.e., undergraduate) program
- 6) Apply before completion of 90-105 semester units (i.e., **up to 105 combined total earned semester units as of the beginning of Spring 2023**)*** and before enrolling in a senior capstone course
- 7) Fluency in spoken and written English
- 8) Effective communication skills
- 9) Immediate response to communications from the Accounting Department and/or the University before and after being admitted to the SF State Scholar Program

Note 1: Meeting minimum requirements does NOT guarantee admission.

Note 2: After being admitted, students must maintain UNDERGRADUATE standing at least for 2 semesters (Spring 2023 and Fall 2023) before transitioning into the graduate program

Note 3: Students must maintain GRADUATE standing at least for 2 semesters after transitioning into the graduate program

Note 4 *: The 90-105 semester units (in #6) are required by the University. However, the University is rather flexible in this requirement. Thus, we encourage students to apply REGARDLESS of their number of completed semester units as long as they meet all other eligibility requirements. Note, however, that there is a possibility that final admission may be denied by the University if the number of completed semester units is too high, although all other requirements are satisfied. For details, please contact the faculty admission coordinator (mchen11@sfsu.edu).**

APPLICATION INSTRUCTIONS AND INFORMATION:

- 1) The “MINIMUM” eligibility requirements must be met.
