

GRADUATE RESEARCH & CREATIVE WORKS SHOWCASE

APRIL 12TH 2023

FROM 2:00PM TO 5:00PM
MASHOUF WELLNESS CENTER GYM

The Graduate Research and Creative Works Showcase is an annual exhibition of the diverse work of SF State's innovative and talented graduate students.

This event provides an excellent opportunity for students to share their work with the broader academic community and build their résumé or curriculum vitae.

Each year we host more than 150 graduate exhibitors whose presentations typically come in the form of a poster display that depicts the purpose, methods, and results of their research or creative projects.

REGISTERED GRADUATE STUDENTS WILL HAVE A CHANCE TO WIN PRIZES.
